Bouchard Surrogates Highlight Bush Ties **GOP Senators Stump for Bouchard**

Lansing- “You can tell a lot about a person by the company they keep,” said Stabenow Spokesperson Brent Colburn. “These Senators have continuously supported the failed Bush policies that have cost Michigan jobs and put our way of life at risk, policies Mike Bouchard embraces and endorses.”

Mike Bouchard was joined on the campaign trail today in Michigan by GOP Senators and Bush backers Tom Coburn (OK), Jim DeMint (SC), John Thune (SD), Richard Burr (NC), and David Vitter (LA). This visit continues a parade of Bush Republicans who have been in Michigan stumping for Mr. Bouchard, including Dick Cheney, RNC Chairman Ken Mehlman, Bush administration mastermind Karl Rove, and the President himself.

“We look forward to more visits for Mr. Bouchard from prominent Republicans who consistently turn their backs on Michigan when it comes to making policy and then show up during election season,” said Colburn. “If President Bush could schedule a few more trips to Michigan before Election Day that would be fantastic.”
